

Overall Transportation Plan Project Identifier: AT

Roadway Project Location: SH 29 (Haven Lane to SH130)

Project Description: Reconstruction of SH 29 from Haven Lane to SH 130.

Issue Addressed: Capacity & Safety

The project will provide construction ready plans for the widening of SH 29 from Haven Ln. to SH 130 and local funding match for a future TxDOT project. The project will better accommodate existing development and future growth; ensuring continuity of lanes between downtown and SH 130 along the SH 29 corridor.

Proposed Roadway: Widening to 5 Lanes

Right of Way Acquisition: Yes

Anticipated 2035 Average Daily Traffic: 44,000 Vehicles

Functional Classification: Major Arterial

Anticipated Start Date: 2024

Anticipated End Date: 2026
