

**Overall Transportation Plan Project Identifier:** AE

**Roadway Project Location:** Northwest Blvd Bridge - Fontana Dr To Austin Ave

**Project Description:** Reconstruction and new construction of Northwest Blvd from Fondana Dr to Austin Avenue, including proposed bridge over IH 35.

**Issue Addressed:** Bottleneck & Economic Development

The Williams Dr./Austin Avenue area has been identified as the northern gateway into downtown Georgetown, which includes improvements for the I-35 corridor as identified in the Gateway Plan Overlay. Northwest Boulevard Rd. Bridge across I-35 will provide congestion relief for citizens to connect via Austin Avenue to FM 971, San Gabriel Park, Georgetown High School and SH 130. The connection to the extension of Rivery Boulevard will provide a more direct access from the Conference Center to existing hotels near the intersection of Northwest Boulevard and the I-35 SB FR.

**Proposed Roadway:** 5 Lanes

**Right of Way Acquisition:** Yes

**Anticipated 2035 Average Daily Traffic:** 18,000 Vehicles

**Functional Classification:** Major Arterial

**Anticipated Start Date:** 2019

**Anticipated End Date:** 2023
